

## Statement from Sports Chiropractic Australia

Many of you will have seen the segment on Today Extra this morning regarding chiropractors and back pain specialist, Dr Michael Vagg.

Sports Chiropractic Australia (SCA) does not share the views expressed by Dr Vagg in this segment that “Legitimate Chiropractors” are members of Chiropractic Australia or Sports Chiropractic Australia and limit their practice to adults.

Sports Chiropractic Australia (SCA) is a clinical interest group of the Chiropractors' Association of Australia (CAA) for chiropractors with an interest in sports care.

SCA supports all chiropractors who provide care that is safe, effective, and ethical. Further more, SCA supports care that is evidence informed through science and research, whilst adhering to the guidelines set out by the Chiropractic Board of Australia (CBA) and the Australian Health Practitioner Regulation Agency (AHPRA).

Sports Chiropractic Australia (SCA) was not consulted in any way prior to this segment.
