The Inventor - Sharik Peck

He has a degree in physical therapy from the University of Utah and a master's degree in counselling from Utah State University. He is passionate about pain relief and determining how the nervous system works

This video shows the Rezzimax in action and the different vibration/resonance levels and why it stimulates the brain

<https://youtu.be/NY1-nPkIA90>

Some of the many applications

"Nothing else calmed him"
Ford's Mum

"The coolest invention ever. Pain free for the first time in years" Claire

"I slept well again last night" Stacey

"It may not be a cure but it surely makes life more bearable. An invaluable tool!" Kathy

"Consistent 38 year headache... GONE"

"Life changing in so many ways" Tanya

"Every sports team should have one" Coach

"I want 2, one for work & one for home" Tina

The REZZIMAX directly engages the VAGUS NERVE, aiding in soothing the entire autonomic nervous system.

The Tuner Pro relieves PAIN and engages a state of relaxation and healing..

Natural PAIN Relief

REZZIMAX

Brochure example

PAIN TUNER PRO

Is the most simple yet versatile, non-invasive neurological device you can own. It is a small, yet powerful handheld device that produces stimulation through variable vibration frequencies, which allows for movement activation and sensation.

The design incorporates every inch of the device, including attachments, which are used as points of stimulation for nearly every part of the body.

Specific settings and protocols are designed to meet specific needs. The device can be used at home or as a therapy tool in your place of work.

Your COMPLETE Body Repair Device
