

# Scoliosis Review and Co-Management

## Need a second opinion or advice on a case?

ScoliCare offers a free confidential case review service for Health Professionals.

### Identify

Identify a patient with scoliosis or kyphosis

### Upload

Upload X-rays and case history to [www.scolicare.com/upload-xrays](http://www.scolicare.com/upload-xrays)

### Review

ScoliCare will review the case and contact you with recommendations and advice

### Co-Manage

Co-manage with ScoliCare where specific scoliosis services are required

## Partnering with you in caring for your patient.

ScoliCare welcomes referrals from other Health Professionals to co-manage patients with scoliosis, kyphosis, and related spinal conditions.

In most cases, treatment provided at a ScoliCare Clinic can run parallel to services you provide.

### To refer a patient to a ScoliCare Clinic:

Visit [www.scolicare.com/refer](http://www.scolicare.com/refer)

Complete the referral form online  
**OR**  
Download and email the referral PDF form to [patients@scolicare.com](mailto:patients@scolicare.com)

Our team will contact the patient to arrange a consultation and keep you informed
